Draft Proposal
Recommendations to the Enrollment Management Committee

The Multicultural and Diversity Committee has been tasked by College of the Redwoods’ 2012-13 Strategic Equity in Hiring Plan, specifically initiative III.1.J, with the following:

"The Multicultural and Diversity Committee will review curriculum offerings to determine courses (or additional courses) that would serve our underrepresented students and attract a diverse pool of instructors. The resulting list of courses will be sent to appropriate discipline experts, division deans, and directors to consider in course scheduling and course initialization. The list will also be sent to the Enrollment Management Committee for consideration. Chair of MDC and Senate Co-Presidents."

List of potential courses to protect in case of low enrollment because they may attract a diverse student body or faculty (from last year).

- NAS-1 at the Eureka campus,
- SOC 9, SPAN 99 at the Eureka Campus,
- HE-2 at the Eureka campus,
- ESL 302B,
- ESL 102,
- ENGL 9,
